

Safety Tab

1

- Once you have created a job number, a Safety, Safety 2, and NFPA tab will appear
- You can complete, edit, and revise any information in the Safety and Safety 2 tabs
 - This information will allow you to generate the NFPA documentation in a Word Document

The screenshot displays a software interface for a 'Project Information Sheet'. At the top, it shows 'Initiated by' as 'kludwig' and 'Job#' as '06311 - 02'. Below this is a navigation bar with a left arrow, the number '4635', a right arrow, a plus sign, a minus sign, and a printer icon. A search bar contains 'Search Word: 06311.00'. A 'Send to PROCORE' button is visible on the right. The main area is divided into two sections: 'Project Name' and 'Permitting Description'. The 'Project Name' section contains fields for 'Street Address' (300 The Fenway), 'Floor(s) / Suite:', 'sFt:' (142,829), 'City' (Boston), 'State' (MA), and 'Zip' (02115). The 'Permitting Description' section contains text: 'Early Demo Permit November' and 'Full Building permit to follow Fe'. At the bottom, a horizontal menu bar contains icons and labels for 'Lead', 'Players', 'PreCon/VDC', 'Marketing', 'Sales', 'Safety', 'Safety2', and 'NFPA'. The 'Safety' and 'Safety2' tabs are highlighted with a red box.

***NOTE- The NFPA document that is generated is used only on projects that we DO NOT hire Code Red. Code Red is hired for complex projects.**
